

Dear Members:

Our insurance committee and SSQauto have agreed to provide a series of exclusive privileges and advantages to members of the FSSS that will result in savings on your auto and home insurance.

Also, please note that this offer applies not only to you, but also to members of your immediate family who live with you and to retired members.

By being insured with SSQauto, members of the FSSS benefit from **lower group rates and exclusive privileges**. There are also advantages to combining your insurance policies at SSQauto. Among other things, a SSQauto multi-line contract allows you to pay **only one deductible in case of a claim** involving both your car and home and to benefit from the *Well Protected Assistance Plan* **at no additional cost**.

We are also proud to have negotiated **premium payment insurance in case of disability**, coverage that is unique to SSQauto.

What is premium payment insurance? In the case of total disability lasting more than 180 days, SSQauto pays the premiums for auto and home insurance for the duration of the insured member's total disability, until age 60.\*

These advantages are available to all members and you are free to apply. We encourage you to contact SSQauto to find out if these negotiated privileges will be to your satisfaction.

I remind you that the insurance committee is always available to answer your questions and, whenever possible, find solutions to your insurance problems.
