GENERAL INFORMATION

Eligibility for insurance

Anyone who holds certification from the *Ministère de la Famille et des Aînés* as a person responsible for a home childcare service with three subsidized children or more is eligible for insurance provided this certification is permanent. They become eligible three months after the childcare service opens. If you are not eligible for insurance, you must obtain proof from the home childcare providers' coordinating office and submit this proof to SSQ to be exempted from participating in the insurance.

For any person responsible for a home childcare service who becomes eligible for the insurance after the effective date of the RSGMF plan in an FSSS (CSN) certification unit, the effective date of the insurance is 3 months following the date the home childcare service recognized by the *Ministère de la Famille et des Aînés* begins its operations.

Change of option for the Disability Insurance benefits

- To a lower option: At any time, with evidence of insurability
- To a higher option: At any time, applicable at the 1st day of the premium period coinciding with or following the receipt of the request by SSQ.

Payment of premiums

Preauthorized direct debit payments every 14 days.

Home childcare closing

Participant who closes their home childcare must inform SSQ within 30 days of the closing. If the participant does not inform SSQ within this period, their insurance will end on the last day of the pay period coinciding with the receipt of the termination request, which implies that the participant is not eligible for retroactive reimbursement of premiums.

Coverage modified HEALTH INSURANCE (compulsory participation)

Participation in one of the Health Insurance (Health 1, 2 or 3) is compulsory, unless entitled to an exemption. To be exempted from coverage, eligible employees must prove that they and their dependents are insured under another group insurance plan with a similar drug coverage.

Coverage Options and Statuses

Participants may choose a coverage option (Health 1, Health 2 or Health 3) and a coverage status (Individual, Single-Parent or Family) for their Health Insurance. As of **July 1st 2021**, coverage status chosen by the participant is applicable to the spouse and dependent children. Participants must maintain their participation to the chosen option (Health 2 or Health 3) for at least **36 months** before they can choose a less generous coverage option, unless an event stated in the contract occurs (a birth or a separation, for example).

Specifications Regarding Drug Reimbursement: If an insured chooses to purchase an eligible innovative drug instead of any existing generic equivalent, the amount of reimbursement will be determined in accordance with its lowest cost generic equivalent. The amount that is included in the annual out-of-pocket is the one the insured would have paid should they have bought this lowest cost generic equivalent. However, it is possible to obtain a reimbursement based on the cost of the innovative drug that cannot be substituted for medical reasons by submitting the appropriate form duly completed by the attending physician, provided the request is approved by SSQ. **To be eligible, drugs must be available only by medical prescription.**

SSQ Insurance recommends that all group insurance participants comply with the Government of Canada's travel advisories. For more information, please consult the FAQ at ssq.ca/en/coronavirus/travel.

DENTAL CARE (optional participation)

To be eligible under the Dental Care Insurance, participants must be covered under the Health Insurance of this plan or be exempted from it. However, **coverage statuses** may differ between the Dental Care Insurance and the Health Insurance. For example, a participant can choose a Family status for the Health Insurance, and an Individual status for the Dental Care Insurance, and vice versa. New employees eligible under the Health Insurance will be automatically enrolled in the Dental Care Insurance and the Individual status will be granted, unless the participant uses his right to opt out.

Participation Duration

Participants who have subscribed to this Dental Care Insurance must maintain their participation for at least **36 months** from the effective date of this plan, even when an event stated in the contract occurs. However, the participant may change **coverage status** if an event stated in the contract occurs.
